## Media Release

**Recognised as Indus “Platinum Partner of the Year 2018 - 19” –  
highest award presented to a partner**

**Received ‘Gold Award’ in Infra Structures (category: Tower  
manufacturing)**

**12<sup>th</sup>February 2019, New Delhi, India: Salasar Techno Engineering Limited (BSE: 540642. NSE: SALASAR), among leading manufacturers of Telecom Towers, galvanized and non-galvanized steel structures in India, has received an award from Indus Towers.**

The Platinum Partner of the Year award is the highest award from Indus towers to be presented to any partner and the Gold Award is the *highest honour* in the category of tower manufacturing.

The Company’s excellent performance and safe work environment with latest international quality and safety standards has earned them this award. Also, the Company’s strength to proactively meet the demands of the customer, with proper quality standards combined with professionally managed dispatch has helped to stay ahead from rest of the players in the industry.

**Management Comment:**

Commenting on the this, **Mr Shashank Agarwal, Joint Managing Director, Salasar Techno Engineering Ltd.** said,

*"I am happy to share that our Company has been awarded with the Best 'Partner of the Year 2018 – 19'. This is because of the continuous efforts, dedication, hard work and commitment of all employees. Our ability to innovate, diversify, integrate and build operations into a modern and dynamic enterprise along with advanced manufacturing facility with equally reliable support facility has help us gain recognition.*

*We should take this opportunity to celebrate, but also rearm ourselves to work harder and deliver more. With this award, we must strive to continue and deliver excellent performance with zero defects and Always-On-Time delivery.*

*I would like to thank entire team of Salasar Techno Engineering for their untiring efforts. We are confident of maintaining the current growth momentum and continuously improve with better performance as we see lot of opportunities opening up going ahead"*
