India replaces China in key Russian oil market

SERENE CHEONG & SHARON CHO
1 September

India has pushed into a corner of the Russian oil market once dominated by China, taking a record number of shipments of a Far Eastern grade as the fallout from Moscow's invasion of Ukraine reshapes trade flows.

Six vessels hauling Russian crude known as ESPO were headed to refiners in the South Asian nation in August, according to traders and shipbrokers. That's the highest number of cargoes purchased by India since the stream was introduced, and accounts almost one-fifth of available monthly shipments.

"ESPO crude is now becoming a steady flow for India, a country that wasn't a big fan of the variety for years," said Emma Li, analyst at Vortexa Ltd. "The voyage to India will take longer, but the shipments might continue as long as the price stays attractive and there aren't real sanctions blocking the trade."

India has emerged as a key buyer of Russian energy in the wake of the invasion, scooping up millions of barrels of discounted crude shunned by Europe and the US. As the conflict has dragged on, the third-largest oil importer first ramped up purchases of the flagship Urals crude, which loads from the western part of Russia, and is now competing for ESPO, a distillate-rich grade that comes from the east and was typically favored by China.

The ESPO shipments going to India are cheaper than the nation's usual Middle Eastern grades, and will likely displace some flows from Saudi Arabia and Abu Dhabi, the traders and shipbrokers said. A recent dip in purchases by China's Sinopec freed up some volumes,

PUTIN BRINGS CHINA, INDIA TOGETHER FOR WAR GAMES

Troops from India, Russia and China on Thursday take part in a weeklong war game, Vostok-2022. The multilateral strategic and command exercise commenced at the training grounds of the Eastern Military District of Russia and will continue till September 7

enabling Indian buyers to swoop in, they said.

The August shipments of ESPO are up from July's pace, when five cargoes went to ports such as Vadinar, Sikka, Paradip and Mundra. Refiners such as state-owned Indian Oil Corp., as well as private processors Reliance Industries Ltd and Nayara Energy Ltd operate plants near those terminals.

Before this year's spree, India wasn't a prominent player in the trade, with local refiners citing factors such as ESPO's small cargo size of 100,000 tons being undesirable for the long and costly journey from Kozmino, where it's loaded. That had left North Asian nations such as China, South Korea and Japan competing for the 30 to 35 shipments dispatched every month.

PM flags off railway projects in Kerala

Prime Minister Narendra Modi on Thursday dedicated to the nation various projects including those of the Indian Railways and the Kochi Metro and laid foundation stones for the redevelopment of three Railway stations in Kerala.

The Prime Minister, who arrived in Kochi at 4 pm on Thursday on a two-day visit to the state, inaugurated the 27-km double line of Indian Railways connecting Kuruppanthara-Kottayam Chingavanam

sections completed at a cost of ₹750 crore.

The PM also dedicated to the nation the newly electrified section between Kollam-Punalur completed at a cost of ₹76 crore, which will offer a fillip to eco-tourism besides serving as a faster and affordable means of transportation through the picturesque route and flagged off special train services between Kottayam-Ernakulam and Kollam-Punalur.

Among the railway development projects for Kerala, Modi laid the foundation stone for three station redevelopment projects worth an estimated ₹1,059 crore.

Also, Modi laid the foundation stone of Kochi Metro Phase-II project and inaugurated phase-1A, the first stretch from SN Junction to Vadakkekkotta.

Governor Arif Muhammad Khan and Chief Minister Pinarayi Vijayan also attended the event.

\$1-trn target: UP Inc forges int'l tie-ups

VIRENDRA SINGH RAWAT
Lucknow, 1 September

Aligning with the \$1-trillion economy goal set by the state government, the Uttar Pradesh Inc is forging industry and trade alliances with partners in the African, Latin American and European countries.

Recently, a delegation of Indian Industries Association (IIA), an apex body of micro, small and medium enterprises (MSME), visited Copenhagen to explore possibilities of export of Indian goods to Denmark and simultaneous import of advanced technology to the Indian shores.

The 13 thriving business clusters in Denmark are seen having a good potential for joint ventures, import and export, especially for the MSME sector.

"We are not only supporting the Centre for the uplift of established industries, but also new industries to achieve the overarching target of India becoming a \$5-trillion economy by 2025," Lucknow-headquartered IIA senior Vice-President Neeraj Singhal said.

In fact, UP is targeting to achieve merchandise exports of ₹3 trillion in the next three years, up from the current level of about ₹1.5 trillion. This is deemed possible only with catalysing exports and also foraying into new areas of manufacturing to capture the global markets. So far, IIA has signed memorandum of understanding (MoU) with international industry bodies

UP is eyeing merchandise exports of ₹3 trillion in the next three years, up from the current level of ₹1.5 trillion

and engaged with their public and private sector representations to foster trade in an array of sectors viz. manufacturing, clean energy, MSME, agro, auto ancillary, etc. Some of these countries include Germany, Russia, Nigeria, Tanzania, Brazil, etc. IIA has almost 10,000 MSME members in North India, especially UP.

"We have been proactively firming up alliances with foreign trade bodies to promote industries. Recently, we have also signed an MoU with the Uganda National Chamber of Commerce," IIA executive director D S Verma told Business Standard.

State announces amnesty scheme for mines in operations

ANIL SHARMA
Jaipur, 1 September

The Rajasthan government has announced an amnesty scheme for miners of the state.

The mines department's Arrears and Interest Waiver Scheme, 2022, will be applicable to the outstanding dues of those in the business of minor minerals. This scheme is being implemented on mining leases, quarry licences, dead rent on a temporary work permit for river sand, royalties, penalties, etc up to March 31, 2021.

Mines Minister Pramod Jain Bhaya said with this scheme, the state government's outstanding revenue for years would be collected.

"This will save time and money, which otherwise would have been spent on collection," the minister said, adding that the manpower deployed for collection could be utilised in productive work.

He said for interest waiver, a maximum relief of 90 per cent and a minimum of 40 per cent on the principal in different slabs would be given in accordance with the outstanding period.

For defaulters who have deposited the principal and only have the outstanding interest to pay, the interest amount can be waived. More than 1,000 cases of this nature are there and the state is expected to get ₹50-60 crore from them.

CHHATTISGARH

Decentralising for better governance

R KRISHNA DAS
Raipur, 1 September

With decentralisation and inclusive growth in view, the Chhattisgarh government is reorganising the districts of the state.

Chief Minister Bhupesh Baghel will inaugurate three new districts over Friday and Saturday. This will take the number of districts in Chhattisgarh to 31. The three new districts are Mohla-Manpur-Ambagarh, Sarangarh-Bilaigarh, and Khairagarh-

Chhuikhadan-Gandai. They have been named by clubbing two-three blocks. This is because the state government does not want to antagonise the people of any block by leaving it out.

Mohla-Manpur-Ambagarh, carved out of Rajnandgaon district, will come into existence on September 2 and the other two on September 3. Two more — Shakti and Manendragarh — will be formed later. Raigarh district, known for housing major industries, has been bifurcated to form Sarangarh-Bilaigarh. Khairagarh-Chhuikhadan-Gandai will

be carved out of Rajnandgaon. In undivided Rajnandgaon district, left-wing extremists are active.

The chief minister had said the smaller districts were formed for better administration. People earlier had to travel 100 km to reach the district headquarters. The distance will now be reduced to half. Decentralisation will facilitate implementing government schemes, ensuring better fund utilisation, covering more people under various programmes, and accessing people with greater ease.
